Who's New is brought to you
by
The Class of 1994

**Office of the President**

TO: New Students

FROM: Dr. Ronald Applbaum, President

RE: "Who's New on Campus 1991"

I consider myself fortunate to have this opportunity to welcome you to the Westfield State College. As I look around this campus, I see great achievements of the intellect: microcomputers, assisting students in preparing reports or reducing the time needed to solve mathematical calculations; electronic marvels, helping in an array of daily activities from the microwave ovens in food service preparation to compact discs reproducing the sounds of classical musicians; but, most importantly, a tremendous array of programs and activities designed to provide the learning experiences to develop an educated person.

This will be an exciting time for all of us at Westfield State College. The dramatic technological changes of the past few years have been accompanied by significant educational, political, social and cultural changes in our society. All these changes and new relationships impact on us; we must understand how to deal with them in our personal and professional lives. We want to provide you with the knowledge, competencies, experiences and skills needed to become professionally trained; to understand how to make sense in this complex world; to understand how to adapt to a changing world; to have an opportunity to contribute significantly to society through the choices you make as a result of your college education.

Westfield State College has people dedicated to providing all students with the best possible learning experience. And Westfield State College has the unique capability to provide the widest range of experiences because of its unique residential life community, the high level of commitment by faculty and staff to providing assistance needed by our students and its long tradition to quality academic programs.

As the President, I hope we can create in you a sense of responsibility, involvement and, yes, ownership in our college. I encourage your purposeful involvement at all levels in campus activities and functions; every student can make a difference. We want a campus environment which meets all of our needs.

# "Your Health Is Your Business"

Nobody can take care of your business but you. Listen to your body. Your lifestyle is the key to wellness.

If you're not feeling well, stop by Student Health Services located in the East Wing of Scanlon Hall, ext. 415. No appointment necessary.

A registered nurse is on duty 24 hours during the academic year. The college physician is on duty Monday - Friday, 10:30 am - 1:00 pm. days classes are in session. Pamphlets and other resource information are available.

All students who pay a health fee, commuters and residents, are eligible to utilize Student Health Services. There is no charge or the use of Student Health Services. Using this service can save you time and money.

# Office Of Career Services

The Office of Career Services looks forward to working with new members of the Westfield State College community. Located in the Ely Campus Center, Room 146, the Career Office provides a wide range of programs and services designed to assist students and alumni with all facets of the career development process.

Preparing for a successful career requires careful planning, self-assessment, and the development of specific skills and abilities. This developmental process doesn't begin in the senior year with preparation of the resume and the first interview but requires hard work and thoughtful planning throughout your association with the College. The Office of Career Services is ready to assist you along the way.

# Ely Campus Center & Student Activity Programming

Since opening in 1971, the Ely Campus Center (then known as the "SU" or Student Union) has become a favorite meeting place on campus. Open seven days a week, the Campus Center provides the services, conveniences, and amenities the College Community need in their daily life. The Campus Center is most easily explained by looking at its People, Programs, and Places.

## People

The Campus Center is not just a building; It is also an organization of people. Advisory boards and committees, in association with Staff and student employees, work together to make possible Campus Center facilities, services, and programs. "BOG" is the Campus Center Board of Governors. This appointed body advises the staff on matters pertaining to the operation of the Campus Center. "CAB" is the Campus Activities Board consisting of appointed and volunteer members from the College Community who produce campus activities. The administrative and clerical employees working with approximately one hundred fifty student employees make up the Staff who maintain eighteen different work stations. The focus of all Campus Center PEOPLE is to support the development of viable facilities, services, and programs. Members of the College Community are encouraged to attend meetings or submit their ideas and suggestions to help insure that the Campus Center represents a well-considered plan for community life of this College.

Student Employment: Students interested in Campus Center employment are requested to complete an Application for Student Employment in Ely-132.

## Programs

Campus Center programs are primarily conceived and produced by the Campus Activities Board in cooperation with Campus Center staff. Many other campus groups also present programs with funding support from the Campus Center and the Student Senate. One programming objective of the Campus Center is to promote a broad-based and balanced schedule of educational, cultural, entertainment, recreation/leisure, and travel programs during the academic year.

Event publicity is contained in the WSC MONTHLY CALENDAR OF EVENTS produced September through May by the Campus Center Programming Office. Calendars are available at the Ely building, Dining Commons, and at each Residence Hall. Information also appears on electronic message boards in the Campus Center and in the Dining Commons. Any interested member of the College Community may become a member of CAB. For information, call the Student Activities Coordinator at 413-568-3311, extension 449.

## Place

Ely building facilities and services are open for business during the following hours of operation:

# Department Of Public Safety

The Department of Public Safety is concerned with the safety of all who live, work, or visit the campus of Westfield State College. The Department is comprised of three different components. They are the College Police force, the College Security force and the Student Security force. In addition to these components, the Department is charged with the sale of Parking Decals and the enforcement of the Parking Policies. Like your hometown police department, we rely upon the cooperation and assistance of the community. We urge you to promptly report criminal activity, suspicious persons or vehicles and hazardous conditions that are observed on campus. The departments officers are law enforcement professionals and will investigate your observations and complaints.

Paul Ominsky
Director

LOCATION: The Department of Public Safety is located in Parenzo Hall. Telephone extension: 262 or 263

## What To Report

CRIMINAL ACTIVITY: IF YOU ARE THE VICTIM OF A CRIME, REPORT IT IMMEDIATELY, A delay in reporting will hinder any investigation. If you witness a crime or have information regarding a crime, report it immediately.

SUSPICIOUS PERSONS/VEHICLES/EVENTS: If you observe or hear something or someone suspicious, call the College Police. Give the best description possible of what you saw or heard. You may be responsible fpreventing a crime.

LOST AND FOUND: The department maintains a lost and found. If you lose some property check with the department. If you find property turn it in to Public Safety.

ACCIDENTS/INJURIES/SUDDEN ILLNESSES: For emergency assistance contact the Department of Public Safety at ext. 262 or 263.

HAZARDOUS CONDITIONS: If you observe something you consider a dangerous condition, report it promptly. You may be responsible for preventing an injury. Remember - we must all be concerned with safety.

## Parking Decals

ALL regular users of the campus parking facilities must register their vehicle(s) with the Department of Public Safety, and must display a valid decal. Parking regulations will be strictly enforced. VEHICLES IN VIOLATION OF THE PARKING REGULATIONS WILL BE TOWED AT THE EXPENSE OF THE OWNER. For further information about parking regulations contact the department.

Courtney Hall

Students living in residence halls have easy, quick access to all facilities on campus. The library, campus center, academic buildings, dining commons, athletic facilities, and the residence halls are within walking minutes away from one another. Our small community makes it easy for resident students to participate in a variety of programs the college offers. It is convenient to call a few classmates and within minutes set up a study group in one of the lounges, or walk down to the athletic field to support the Owls.

All resident students receive a copy of the "Guide to Residential Living" upon entering the hall. This book explains the policies and procedures set forth to ensure a safe, healthy learning environment for all students. Students are encouraged to read this information and adhere to the policies.

Davis Hall

Dickinson Hall

On-campus living is a unique opportunity to interact with a variety of people and learn more about one's self and about others. Residential Life strives to provide an optimum experience through programs, facilities and staff. We hope that you will become a member of our community and experience Westfield State College.

# Residential Life

Westfield State College has a long history of providing quality on-campus living for our students. Residential Life supports the educational mission of the college, promoting an atmosphere that fosters the ongoing development of our students. Resident students share a community with a variety of people, develop new and lasting friendships, and learn a variety of life skills.

Each residence hall community provides students the opportunity to get involved with the activities that take place in the hall. Each hall is self-governed with a hall council consisting of an executive board and section representatives. Students are encouraged to contribute and participate ain activities and programs sponsored by the hall council. The quality and success of these programs is directly related to student involvement.

Each residence hall is also staffed with students called Resident Assistants. RA's are trained to assist residents in adjusting to the residential and academic community through programming, counseling, referral and being a resource person. The RA position is challenging, demanding and rewarding. It offers students an opportunity to enhance leadership skills and develop an awareness of self and others.

# You've Finally Made It

As you become a member of the Freshmen Class you are entering one of the most exciting and "scariest" times of your life.

- "I'm finally on my own."
- "I'm my own boss."
- "Nobody is going to tell me what to do."
- "Can I handle this new freedom?"
- "Will I get lost in the shuffle?"
- "Will I be around next year to call myself a sophomore?"

These and many more questions must be invading your thoughts as you make the big leap into college.

At this early point in your college life you are probably thinking that the exciting and good times apply to me and that the scary aspects only apply to "that kid that I saw during orientation that was alone and looking lost". Unfortunately, most freshmen experience some days that make them question the wisdom of their choice.

- "I could have stayed at home and gotten a job."
- "I surely miss my boyfriend/girlfriend."
- "These courses are a lot tougher than in high school."

You are fortunate to have chosen a school that can provide you with the excitement that you anticipate and the "friendly faces" to minimize the scary times.

Get started on the right foot and next year at this time you can be telling the bewildered-looking freshmen how you survived the first-year to now call yourself a sophomore.

# Athletics

The Westfield State College intercollegiate and intramural athletic programs excel in both quality and quantity. During each academic year, 13 varsity teams participate in intercollegiate competition, while more than 80 percent of the students at Westfield State participate in the intramurals program.

The varsity teams compete in Division III of the NCAA, which emphasizes the involvement and impact of the athletic programs upon the participants rather than on satisfying the entertainment needs of the public. Since the status of any athletic team is not dependent upon gate receipts or other revenue, no team is relegated to the category of a "minor sport." In addition, no financial aid packages based on a student's athletic abilities are awarded in the NCAA Division III.

Westfield State College is also a member of the Eastern College Athletic Conference (ECAC), New England College Athletic Conference (NECAC) and the eight-team Massachusetts State College Athletic Conference (MASCAC). Other MASCAC schools are Bridgewater State, Fitchburg State, Framingham State, North Adams State, Mass Maritime, Salem State and Worcester State.

**Intramurals**

Westfield State College has a broad spectrum intramural program designed to meet the needs of the diversified student enrollment. More than 20 programs are offered throughout the academic calendar year providing competitive and recreational activities to all students, faculty and staff. Each year the program also sponsors the Banacos Road Race, and the Jim Banacos Cup is awarded to the male and female teams which accumulate the most points during the school year.

**Intramural Activities at Westfield State College**

- Fall One Pitch Softball Tournament
- Sunday 5-on-5 Basketball League
- Volleyball League
- Banacos Road Race
- Basketball 4-on-4 League
- Water Polo League
- Basketball 1-on-1 Tournament

- Sports Trivia Tournament
- Football League
- Trimnastics
- Soccer League
- Basketball Jamboree
- Candlepin Bowling
- Co-Rec Water Polo League
- Street Hockey League
- Softball League

**Facilities**

With the completion of the new baseball and softball fields, the Westfield State College outdoor facility ranks with the finest in the region. The fields are located next to the Astro-Turf Complex, the sight of many of the college's intercollegiate and intramural activities. The astro-turf field includes lights for night play. Tennis courts are also located at the complex. Stanley Park, located adjacent to the complex, is also used by students and faculty for recreational activities.

Indoor facilities on campus include a swimming pool in the Campus Center and a gymnasium in Parenzo Hall. An auxiliary gymnasium is located at the Juniper Park Elementary School next to the campus.

**Athletic Eligibility**

To be eligible to participate in varsity athletics at Westfield State College, students must carry a minimum of 12 credit hours per semester, must pass a minimum of 24 credit hours per year, and must be in good academic standing and making reasonable progress toward a degree. Students on academic probation are ineligible for intramural competition.

**Questions?**

The athletic and intramural offices are located on the second floor of Ely Hall, the Campus Center building. Contact:

- Paul Bogan, Athletic Director, Room 234, extension 405.
- Ken Magarian, Intramurals Director, Room 230, extension 417.

# All I Ever Really Needed To Know I Learned In Kindergarten

Robert Faughbum
reprinted from Kansas City Times, 9/17/86

Most of what I really need to know about how to live, and what to do, and how to be, I learned in kindergarten. Wisdom was not at the top of the graduate school mountain, but there in the sandbox at nursery school.

These are the things I learned: Share everything. Play fair. Don't hit people. Put things back where you found them.

> " . . . it is best to hold hands and stick together."

Clean up your own mess. Don't take things that aren't yours. Say you're sorry when you hurt somebody. Wash your hands before you eat. Flush. Warm cookies and cold milk are good for you. Live a balanced life. Learn some and think some and draw and paint and sing and dance and play and work every day some.

Take a nap every afternoon. When you go out into the world, watch for traffic, hold hands, and stick together. Be aware of wonder. Remember the little seed in the plastic cup. The roots go down and the plant goes up and nobody really knows how or why, but we are all like that.

Goldfish and hamsters and white mice, and even the little seed in the plastic cup - they all die. So do we.

And then remember the book about Dick and Jane and the first word you learned, the biggest word of all: LOOK

Think of what a better world it would be if we all - the whole world - had cookies and milk about 3 o'clock every afternoon and then lay down with our blankets for a nap. Or if we had a basic policy in our nation and other nations to always put things back where we found them and cleaned up our own messes. And it is still true, no matter how old you are, when you go out into the world, it is best to hold hands and stick together.
